FLUID POWER SOCIETY (WA) INC.

K ONE
FLUID POWER

The Fluid Power Society (WA) Inc.
thanks K-One Fluid Power for their
Platinum Sponsorship pledge
and continued major support of our
annual Golf Day.

The Fluid Power Society of WA (Inc.) was incorporated in February 1977 and became The International Fluid Power Society of Australia Incorporated (IFPSA) in June 2006.

When the first national fluid power society, Australian Fluid Power Society Inc. (AFPS), was incorporated in December 2014 to represent and champion the industry at a national level, the IFPSA then changed its name to Fluid Power Society (WA) Inc. (FPSWA) to show its relationship to the national body.

AFPS is an associate member of the U.S. based International Fluid Power Society and promotes the U.S. Society's aims and objectives in Australia which are those of promoting the growth of fluid power technology and facilitating fluid power and motion control industry professionalism through awareness, education and certification.

In the same way, FPSWA strengthens and advances professional careers in the Western Australian fluid power industry.
